

The Alva pendant takes a step back into the past but with a very modern twist. This nostalgic pendant is inspired by the classic squirrel light bulb and lamp giving it timeless appeal. The Alva pendant features a powerful downward firing LED that is hidden within the “socket” illuminating through a solid “bulb” of pure optic crystal. “Filaments” are designed using a cutting edge laser technique that precisely etches a filament design into each crystal giving it the appeal of a 1920’s Edison style squirrel cage lamp. Fully customize the Alva by selecting any of the eight cord colors and three modern finishes.

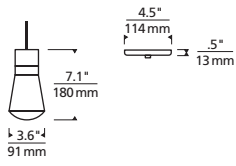

Product features

- 3 finish options
- Fully dimmable LED lamping options to create the desired ambiance
- 9 watt, 200 delivered lumen, 3000K, 2200K or warm color dimming 3000K-2200K LED module
